

# GoatThroat® Pumps Engineered for Life

Safety By Design

## GT200 - EPDM Pump

- Caustics and soaps
- Food Grade
- Fits 5-55 gallon containers
- Up to 4GPM
- Automatic pressure release at 8psig

## RT200 - EPDM Tap

- Delivers liquids to point of use
- Caustics and soaps
- Food Grade
- PVC hose standard - others available

## GT300 - Viton® Pump

- Acids, solvents, herbicides, biodiesel, oils with additives
- Food Grade
- Fits 5-55 gallon containers
- Up to 4GPM
- Automatic pressure release at 8psig

## RT300 - Viton Tap

- Delivers liquids to point of use
- Acids, solvents, herbicides, biodiesel, oils with additives
- Food Grade
- PVC hose standard - others available

## GT100 - Nitrile Pump

- Most oils
- Food Grade
- Fits 5-55 gallon containers
- Up to 4GPM
- Automatic pressure release at 8psig

## RT100 - Nitrile Tap

- Delivers liquids to point of use
- Most oils
- Food Grade
- PVC hose standard - others available

## GT200S - Santoprene® Pump

- Soaps and Caustics
- FEP Tap o-ring
- Food Grade
- Fits 5-55 gallon containers
- Up to 4GPM
- Automatic pressure release at 8psig

## BGA

- Pneumatic Adapter
- Automatic pressure release at 4.5psig

## DQGT - Viton & EPDM

- DrumQuik® for GoatThroat specialty drum adapters created by CPC & GTP Colder Products Company and GoatThroat Pumps
- DrumQuik is a registered trademark of Colder Products Company

## ADAPTERS

- Flex Spouts
- Metal Cans
- Plastic Cans
- Barrels
- and more....

# GoatThroat® Pumps Engineered for Life

## Safety By Design

### SCP200 - EPDM Pump

- Flammable liquids
- Meets NFPA30.18.4.4.1
- Fits 5-55 G containers
- Up to 4GPM
- Automatic pressure release at 6psig
- Check guide for compatibility

### SCP200 - RT - EPDM

#### Pump and Tap Assembly

- Delivers liquid to point of use
- Flammable liquids
- Meets NFPA30.18.4.4.1
- Automatic pressure relief at 6psig
- Check guide for compatibility of pump and hose selection

### SCP300 - Viton Pump

- Flammable liquids
- Meets NFPA30.18.4.4.1
- Fits 5-55 G containers
- Up to 4GPM
- Automatic pressure release at 6psig
- Check guide for compatibility

### SCP300 - RT - Viton

#### Pump and Tap Assembly

- Delivers liquid to point of use
- Flammable liquids
- Meets NFPA30.18.4.4.1
- Automatic pressure relief at 6psig
- Check guide for compatibility of pump and hose selection

### SCP100 - Nitrile Pump

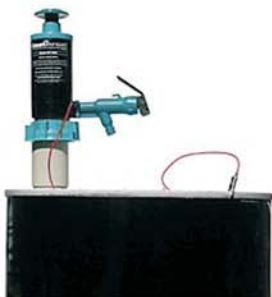

- Flammable liquids
- Meets NFPA30.18.4.4.1
- Fits 5-55 G containers
- Up to 4GPM
- Automatic pressure release at 6psig
- Check guide for compatibility

### SCP100 - RT - Nitrile

#### Pump and Tap Assembly

- Delivers liquid to point of use
- Flammable liquids
- Meets NFPA30.18.4.4.1
- Automatic pressure relief at 6psig
- Check guide for compatibility of pump and hose selection

### SCP200S - Santoprene Pump

- Flammable liquids
- Meets NFPA30.18.4.4.1
- Fits 5-55 G containers
- Up to 4GPM
- Automatic pressure release at 6psig
- Check guide for compatibility

### SCP200S - RT - Santoprene

#### Pump and Tap Assembly

- Delivers liquid to point of use
- Flammable liquids
- Meets NFPA30.18.4.4.1
- Automatic pressure relief at 6psig
- Check guide for compatibility of pump and hose selection
